PETITION UNDER 37 CFR 1.137(b) FOR REVIVAL OF AN
APPLICATION FOR PATENT ABANDONED UNINTENTIONALLY

Sir:

Petitioner, Helix Genomics Pvt. Ltd. (hereinafter referred to as "Petitioner") hereby petitions the Commissioner, pursuant to 37 CFR 1.137(b), to revive the patent application identified above in order to allow entry into the U.S. national phase. The Petitioner's failure to timely pay the national fee and enter into the U.S. national phase under 35 U.S.C. 371 was unintentional.

The subject application, relating to an invention entitled "Auto-Injection Devices and Methods for Intramuscular Administration of Medications," was filed in the International Bureau of the World Intellectual Property Organization as the PCT Receiving Office on June 18, 2003. Therefore, the 30-month time limit for entering the U.S. national stage for this application was

December 18, 2005. This deadline was inadvertently missed; the Petitioner never intended to abandon the subject application.

There is one inventor named on the application. The rights in this application have been assigned to the Petitioner.

The Petitioner respectfully submits it never intended to abandon the subject application and that its entire delay from the December 18, 2005 30-month deadline for entering the U.S. national phase under 35 U.S.C. 371 until the filing of this Petition was unintentional. Thus, the failure of the Petitioner to timely enter into U.S. national phase was unintentional as was the entire delay from December 18, 2005 until the filing of this Petition.

In view of the foregoing, the Petitioner hereby prays that the subject patent application be revived as having been unintentionally abandoned.

Please charge the Petition fee of \$750.00 to Deposit Account No. 19-0065. The Commissioner is hereby authorized to charge any additional fees which may be required to Deposit Account No. 19-0065. Two copies of this Petition are enclosed for authorization of charges to the Deposit Account.

Respectfully submitted,
